

Magnifying glass

Shopping list holder

The new design of the Vario XT offers various holding positions for hands, which provides for a relaxed and comfortable shopping event.

> XT

Ergonomic and flexible handle.

Create your own extraordinary and individual trolley - Your customers will use them with pleasure! Indulge your customers with this extra- ordinary handle.

With a clever design several modules can be installed. Standard is coin lock, scannerholder and display.

As extra accessories are magnifying glass and a holder for the shopping list.

Easy to read advertising spaces are an excellent advertising medium for your own presence or third-party advertisements. You can also use the space for a store map.

Thanks to integrated coex components, the trolley won't be electro-statically charged anymore and prevents your customers from getting nasty shocks.
