## > COLD BLANKET COVER FOR ROLL CAGES

With our cold blanket cover, you can easily convert your roll cage into a flexible and effective cold cage. The Vectur cold blanket cover is designed to solve transport needs for frozen food products for 8 hours.

Our cold blanket cover provides the following benefits:

- > less expensive in purchasing
- > takes up less space when the cover is not being used
- > significantly lighter in comparison with a traditional cabinet
- > simple and inexpensive to manage

**Item No.**
