

SENIOR

POPULAR REFILLING TROLLEY FOR HEAVY LOADS

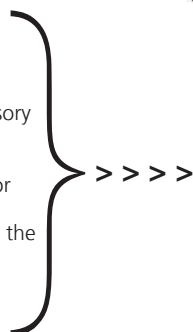

FLEXIBLE

With or without 2 step ladder
Whiteboard available as accessory

TWO MODELS

This trolley is available as Senior
and as Senior Longload.
Senior Longload is longer than the
standard model.

The Senior trolley can be delivered in loose parts. The trolley is easy to assemble, perfect for the handy as freight cost for flat packages are lower.

Specify when ordering if you want Senior assembled or not.

> SENIOR

Senior is a popular refilling trolley for heavy loads that is easy to manoeuvre. It turns on a small coin due to its wheel design. Stable tubular design, with strong wire lattice on two levels. Wire basket is included as standard. Senior is also available as Senior Longload. Delivered unassembled.
