## > THE SWEDISH CAGE

We have the "Swedish cage", the most commonly occurring roll cages at warehouses for quick delivery.

We also offer accessories such as middle shelves and spare parts.

Height: 158 cm

### SERVICE FOR ROLL CAGES

With your mobile service unit, we service roll cages on-site with you. An alternative for shops that perform repairs, etc., under their own auspices or send their cages out for service.

The mobile roll cage service includes the following:

- Sorting and analysis of cages
- Straightening out or replacement of side
- Straightening out or replacement of a-frame
- Straightening out or replacement of bottom
- Straightening out or replacement of holding mechanisms

Alternatively, the roll cage is available with a height of 178 cm.

### Item No.

- Replacement of wheel
- Replacement of elastic tightening strap
- Removal of labels
- Scrapping

We provide you with statistics on what has been done.

In addition to this, as an extra service we can also

- Clean cages (wash with hot water)
- Stamping on metal (With our portable stamping equipment, we can for example stamp a serial number, QR codes for scanning or whatever name or number you wish.)
